

NOTICE

These pesticide products may be used at this site from time to time.

This information is provided by Contra Costa County's Facilities Services Division in accordance with the County's pesticide use posting policy. Materials listed on the website linked below that target structural pests such as insects and spiders, can be used without individual noticing.

Pest management in County facilities follows EcoWise Certified Standards for Structural Integrated Pest Management (To view the written standards go to www.ecowisecertified.org). It is the County's policy to give preference to nonpesticide alternatives whenever and wherever possible. If pesticides are necessary, they will be chosen from among those listed on the website linked below:

Scan the QR code for a list of pesticide products.
or visit www.cchealth.org/ipm/notification.php

Some products that may be used at this facility are Proposition 65* listed. The last column on the approved list linked above indicates which chemicals are listed.

*Chemicals known to the state of California to cause cancer, birth defects or reproductive harm.
