Dear Mr. Ho,

This letter is to inform you of our intent to apply pesticides under the Statewide National Pollutant Discharge Elimination System (NPDES) Permit for Biological and Residual Pesticide Discharges to Waters of the United States from Vector Control Applications. These treatments are for the SFPUC WWE city wide catch basin mosquito abatement program.

If you have any questions regarding pesticide applications please contact Valarie Couture-Agurto with Pestec ([valarie@pestecipm.com](mailto:valarie@pestecipm.com)), or Gil Vasquez with The California Division of Water Quality([gil.vazquez@waterboards.ca.gov](mailto:gil.vazquez@waterboards.ca.gov)).
